EDUCATION

- Bachelor of Computer Science and Engineering 2023-2027
Kongu Engineering College, Perundurai
CGPA: 7.65/10.0
- High School 2022-2023
Saratha Matric Hr. Sec School, Gobi
83.33%
- Secondary School 2019-2020
Saratha Matric Hr Sec School, Gobi

SOFT SKILLS

- Team work
- Time Management
- Adaptability
- Communication

TECH SKILLS

PROGRAMMING LANGUAGES

- Python
- MERN Stack

DESIGNING TOOLS

- Canva
- Figma

AREA OF INTEREST

- Full Stack Development
- Software Development
- UI/UX Design
- Graphics Design

LANGUAGES

- English
- Tamil

ANBU SELVAM N

INNOVATIVE STUDENT

PROFILE

Passionate Software Developer skilled in React, HTML, CSS, and JavaScript, with experience in building responsive and user-friendly web applications using React.js. Also skilled in UI/UX design using Figma and graphic design using Canva.

PROJECTS

TRAVEL PLANNER WEB APPLICATION

- Developed a responsive travel planning app using React and Bootstrap, featuring itinerary management, budget tracking, interactive booking forms, and smooth navigation, with a focus on user experience and responsive design.

BRAILLE VOICE ASSISTANT WITH OPENAI

- Developed a voice-controlled assistant for visually impaired users, enabling speech-to-text queries and real-time AI responses. Focused on accessibility with features like pause, resume, and saving audio outputs.

GEOLOCATION-BASED ATTENDANCE TRACKING

- Developed an attendance system using geolocation to verify user location in real time, enabling accurate check-ins and automated tracking, with a focus on reliability and user convenience.

BOOK RECOMMENDATION SYSTEM

- Developed a personalized book recommendation system using user preferences and past interactions to suggest relevant books, with a focus on enhancing user engagement and discovery.

ACHIEVEMENTS & HACKATHONS

Recognized as Best Innovator for developing a Braille Voice Assistant with OpenAI.

Hackathon 2025 at Sathyabama College, Chennai - Developed a Braille Voice Assistant using OpenAI API for visually impaired users.

Presented a Paper on "AI-Powered Accessibility Tools for Visually Impaired Users" at National Level Tech Symposium 2025.

GLOBAL CERTIFICATION

MongoDB Developer Certificate by MongoDB University | Completed

Oracle Java SE 17 | Completed

LEADERSHIP SKILLS

Led a team of 4-5 members to develop a Braille Voice Assistant using OpenAI API.

Mentored juniors on React and JavaScript projects, assisting with project execution and design. Organized college-level tech events and hackathons, managing teams and logistics.
