- Hindi (Basic)

CERTIFICATIONS

- MongoDB
- Java SE17

PROFILE

Motivated and responsible individual with a talent for leading teams, organizing tasks, and communicating effectively. Quick to adapt, eager to learn, and committed to achieving quality results. Seeking an opportunity to support organizational goals and develop advanced professional skills.

PROJECTS

CAMPUS CONNECT

- Developed a campus engagement platform enabling students, faculty, and administrators to communicate, share resources, and manage events.

PROXIMITY ACTIVATED BRAKING SYSTEM

- A Proximity Activated Braking System is a safety mechanism that automatically applies brakes when it detects an obstacle nearby. Sensors measure the distance between the vehicle and an object, and if the object is too close, the system triggers the braking action to prevent collisions.

TRAVEL PLANNER

- Developed a responsive travel planning app using React and Bootstrap, featuring itinerary management, budget tracking, interactive booking forms, and smooth navigation, with a focus on user experience and responsive design.

BOOK RECOMMENDATION SYSTEM

- Built an intelligent book recommendation platform that suggests personalized books based on user interests, reading history, and preferred genres.
- Implemented content-based and collaborative filtering techniques to improve accuracy and help users discover new books easily.

EDUCATION

KONGU ENGINEERING COLLEGE	2023-2027
BE - COMPUTER SCIENCE	
SARATHA MATRIC HR.SEC.SCHOOL	2018-2023
8TH - 12TH
